Our Vision

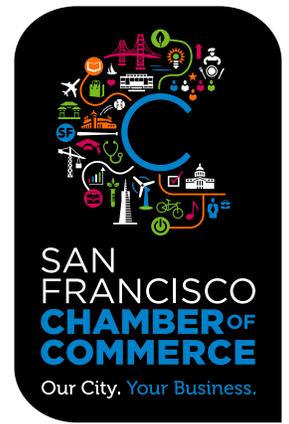

As a global economic force, San Francisco is the most inclusive and vibrant city for innovation and entrepreneurship.

Our Mission

The San Francisco Chamber of Commerce attracts, supports and grows business through **Advocacy, Economic Development and Business Development.**

Our Unique Values

The San Francisco Chamber of Commerce is the **ONLY** organization that Champions all business.

ADVOCACY

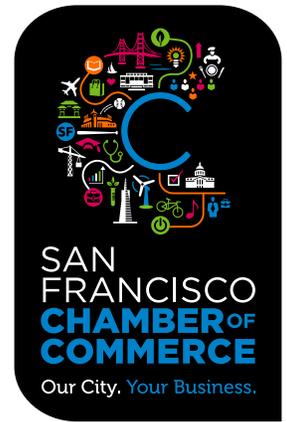

ECONOMIC DEVELOPMENT

BUSINESS DEVELOPMENT

Advocacy

The Chamber provides public policy analysis, leadership and content to keep your business informed on the important issues critical to your success. From Washington to Sacramento to City Hall, no organization has done more to serve San Francisco's business community and no organization is currently doing more to support local business and the economy. We fight for your business!

BUILDSF

Construction in SF is a complex process that is often costly, cumbersome and confusing. BuildSF consists of contractors, architects and developers convened by the Chamber to explore ways to streamline the building process to reduce project time and costs, and ensure timely completion of new projects.

CITYSTATE SACRAMENTO

The Chamber each year leads a delegation to Sacramento to meet with legislators, key department heads and the Governor's staff to ensure the voice of business is heard at the State Capitol.

CITYTRIP DC

Lawmakers, the Secretary of Commerce, Secretary of Labor, congressional leaders and White House officials are among the key officials our delegates have met during the Chamber's annual legislative trip to Washington, D.C.

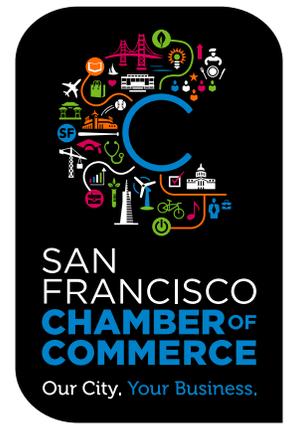

NEIGHBORHOOD BUSINESS SUMMITS

The Chamber's quarterly Neighborhood Business Summits, sponsored by Recology and PG&E, bring together members of the San Francisco Board of Supervisors, merchants, civic leaders and neighbors. This provides for an open and meaningful dialogue about issues concerning each of the 11 supervisorial districts and the greater San Francisco.

SF FORWARD POLITICAL ACTION COMMITTEE

The voice of San Francisco business is amplified through the Chamber's Political Action Committee, SF Forward. SF Forward supports initiatives that strengthen the local economy, improve the business climate, streamline the operation of government and promote sound economic policy in San Francisco.

SMALL BUSINESS ADVISORY COUNCIL
