

SAN  
FRANCISCO  
**CHAMBER OF  
COMMERCE**

May 9, 2017

The Honorable London Breed, President  
San Francisco Board of Supervisors  
1 Dr. Carlton B. Goodlett Place, Room 244  
San Francisco, CA 94102

RE: SUPPORT: File #150969, HOME-SF

Dear President Breed:

The San Francisco Chamber of Commerce, representing over 2,500 local businesses with over 200,000 employees, supports the HOME-SF legislation creating an affordable housing bonus program.

San Francisco has one of the highest housing costs in the nation, and as a result, we are experiencing a severe shortage of housing available to very low, low, moderate and middle-income residents. Construction of affordable housing requires both public subsidies and private support from market-rate developers in the forms of fees paid to the City and inclusionary housing programs, although public subsidies do not usually support middle-income housing development.

The HOME-SF density bonus program provides incentives for developers to include affordable units in residential housing construction at all levels of affordability, including for San Francisco's middle-income earners who are being squeezed out because of lack of housing. This density bonus program will add more housing along transit and commercial corridors by enabling new buildings to add up to two floors to achieve 30% affordability on-site.

Earlier this year the Chamber released its annual Dignity Health CityBeat Poll. We asked specifically about a density bonus program for our neighborhood commercial corridors. Citywide 72% of voters support such a program. Even on the west side of the city, where the conventional wisdom is fewer support higher densities, 69% support such a program.

The San Francisco Chamber of Commerce strongly supports the HOME-SF density bonus program and we urge the Board of Supervisors to enact this legislation when it comes before you for a vote.

Sincerely,

Jim Lazarus  
Senior Vice President of Public Policy

cc: Clerk of the Board, to be distributed to all Supervisors; Mayor Ed Lee
